EXECUTIVE DEGREE PROGRAMS
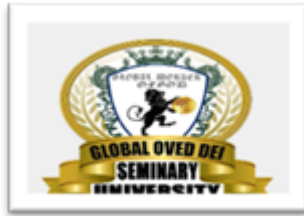

GODSU ENTRANCE AND EXIT MODELS FOR EXECUTIVE PROFESSIONAL DEGREE PROGRAMS:

1. A SINGLE-CHANNEL GODSU ENTRANCE AND EXIT MODEL

2. A MULTIPLE-CHANNEL GODSU ENTRANCE AND EXIT MODEL

3. An OMNI-CHANNEL GODSU ENTRANCE AND EXIT MODEL

GODSU adopts a suitable GODSU Entrance Requirements that consists of chaplaincy, honors, and earned associates, bachelor's, Master's , and doctorate degree Mechanism with a Single Exit Model for a 9 – months for any qualified student. The model includes core, interdisciplinary, and advanced forms of quality education and a suitable channel that is dynamic with flexible standard Entrance Requirements. The **first channel** is through executive work experience of all demographics and levels (basic, intermediate, and advanced), while the **second channel** is High School, College/University Credits and grades that meet desired requirements to qualify for GODSU Earned degrees, while the **third channel** is in between the first and the second. The requirements to qualify for **GODSU programs with Accreditation Model** for the different channels are translated into the benefits and achievements of the students.

Choosing a university that is accredited by a recognized accrediting body and with an Accreditation Model is crucial. The accreditation gives the student an indication of a university's quality and reputation. By attending a GOD'S University (GODSU) that is accreditation model-based:

1. The students are assured of a standard level of quality Education and Services.

2. The student's credits will be transferred to most other accredited colleges and universities.

3. The student's degree will be recognized and respected by other colleges and employers.

4. The students can quantify the effectiveness of their courses with concrete metrics.

5. The students can discover metrics to determine their business ROI before, during, and after graduation.

6. Creating high-level quality training contents for all E-Learning, Programs, Virtual Classrooms, Tool Kits, and others.

7. Students have access to a Work-Experience and Competency-Based Education.

GODSU COMPENSATION, CREDIT ASSISTANCE, AND SCHOLARSHIP SCHEME

1. Reduces the credit hours by ½ to excelling executes with A+ or B+
2. Reduces course load by ½ to excellent executives.
3. Offers financial assistance.
4. Offers compensation to ease project work.
5. Scholarship and Grant's ability to negotiate.
6. Leverages Alumni life and value capacity
7. Scales towards maximum lifetime value through a revenue pyramid with a model.

WHAT IS GODSU WORK-EXPERIENCE AND COMPETENCY MODEL-BASED EDUCATION?

It means that rather than tracking the time students spend in a classroom, which is all about the skills and comprehension that the student can display within a given time in the classroom, we want the student to utilize their knowledge, capitalize on their experience, and follow the best process of their own learning to fulfill purpose in the society within the shortest possible time at minimum cost.

The students can use what they know to graduate faster through a work-experience and competency model-based E-Learning Education. It's all about what the student knows, not how long the students have been in school.

If students can learn faster, spend more time on schoolwork, or lean on knowledge they already have from previous work or school experience, they can accelerate through courses. They can earn their degrees for about half of the cost of other universities.

They will pay tuition per 9 – month session not per course or credit. So, when the students move faster through their courses, they also lower the cost.

Undergraduate Program: 5,000 - $10,000

Master's Program: $40,000 -$80,000

Doctorate Program: $80,000 - $100,000

New Students can begin their program on the 1st of any month. So, the students can start whenever they are ready, rather than rushing or waiting for fall or spring enrollment.

Don't wait any longer. Complete your application and get started on your journey today!

Once the student is admitted and enrolled into any of the programs, the student would be allowed to select the required courses based on the semester hours (60 – 110) and the course credits (1 -5).

GODSU PROGRAMS AND COURSES

CORE CHAPLAINCY PROGRAMS AND COURSES

1. Medical, Health, & Wellness

2. Christian Faith

3. Islamic Faith

4. C-Suite

5. Corporate
